3.1) Are you using an off-the-shelf tool? **YES**

3.1.1) Is a completely automatic procedure working? **YES**

3.1.1.2) Attach screenshots

1. Download and install FME Desktop (fme-desktop-2019.0.2-b19260-win-x64)
2. Open FME Quick Translate and select Translate. (Figure 1)
3. Fill the Translation parameters by selecting the IFC file, set the Read Type Object as Separate Feature Type in Reader's Parameters. Enter Coord. System as EPSG:3013 and start conversion by OK. (Figure 2)
